## The Regulation of Post-Communist Party Politics

Edited by **Fernando Casal Bértoa**, University of Nottingham, UK and **Ingrid van Biezen**, Leiden University, Netherlands

*Series: Routledge Studies on Political Parties and Party Systems*

This book concentrates on the regulation of political parties in the EU post-communist democracies, and on Bulgaria, Croatia, the Czech Republic, Estonia, Hungary, Latvia, Lithuania, Poland, Slovakia, Slovenia and Romania, in particular. In analysing the various dimensions of party regulation, it builds on the main premises derived from the neo-institutionalist literature in political science, concerning the ways in which the (formal and informal) rules and procedures may influence, constrain or determine the behaviour of political actors.
